  Standard

If the loaded vehicle's rear mass is reduced as shown in the tables, the towball download can be increased correspondingly. Accordingly, if the laden mass is 180kg less than the GVM\*\* a towball download of 200kg is approved (GVM). Different trailer types and different trailer manufacturers have varying towball downloads. The customer will need to contact the trailer manufacturer for information as to the download. Nissan is not able to make any recommendation on the use or suitability of load-leveling or weight distribution devices to be fitted to the vehicle. Customers should contact the manufacturers of these devices for further information.

NAVARA

SHIFT the way you move

When you've got a tough job to do, you need a tough mate to help you out. The latest Navaras are rugged enough and powerful enough to take on anything you've got. And on the weekend, if you get one, they're more than capable of helping you have some fun. The Nissan Navara will shift the way you work; it will shift the way you play; it will **shift the way you move.**

Midnight Black ST-X 550 Dual Cab 4x4.

There are a lot of jobs to get done out there and who better to do them than Australia's most powerful tradie. At the head of the pack is Australia's only **V6 turbo-diesel** dual cab, the new Nissan Navara ST-X 550. This tough-as-nails worker is up for anything with 550Nm of torque and 170kW of power. At the same time, the ST-X 550 offers excellent fuel economy. Then there are three other engines in the Navara range providing the fuel economy and low-down torque that diesel engines are known for. The ST-X Dual Cab with 140kW and 450Nm of torque, the 126kW common rail turbo-diesel available in Dual Cab 4x4 and King Cab variants and the 106kW turbo-diesel Dual Cab 4x2 and Single Cab 4x4. If you prefer petrol, the 4.0 litre V6 petrol engine, available on the ST-X Dual Cab, delivers a massive 198kW of power. With all these choices there is sure to be a Navara to suit your needs.

ST-X Dual Cab 4x4 interior.

Although Navaras are as tough as they come, that doesn't mean we've scrimped on including safety features to protect you, your workmates and your family. All Navaras come with Anti-lock Braking System (ABS), driver and front passenger SRS airbags, front and rear crumple zones and door side intrusion bars. Choose a new ST-X 550 or another ST-X Dual Cab model and you'll also get driver and front passenger front and side impact SRS airbags and front to rear SRS curtain airbags; giving you the protection of six airbags in total. Plus three-point seatbelts throughout as well as three child seat anchorages. The ST-X Dual Cab diesel versions also come with

**Vehicle Dynamic Control (VDC)** with Active Brake Limited Slip Differential (ABLS). VDC, also known as Electronic Stability Control, compares the intention of the driver with the current behaviour of the vehicle and selectively brakes individual wheels and controls engine power to keep the car on its intended path and prevent roll-over. Whether you're working hard or playing hard, you'll be doing it in comfort and safety.

Navara is justifiably famous for its 4WD ability and towing power. In fact, all Navara 4x4 models are capable of pulling a massive 3,000kg (trailer with brakes). The Navara's dashboard 4WD rotary switch makes it easy to select from three driving modes. 2WD High, for normal dry conditions, sends power to the rear wheels only. 4WD High locks the transfer case to split drive equally front and rear when tackling more demanding conditions. While 4WD Low is for serious off-road conditions like deep mud or sand.

The adjustable 4WD also comes in handy for steep climbing or when you need maximum engine braking while

descending. At the same time, the Navara offers a level of ride comfort more expected from a wagon than a workhorse, partly thanks to the way it's constructed. A strong high tensile steel ladder chassis with welded cross members offers less vibration and a reassuring solidity. While a highly effective suspension system provides impressive agility. On or off-road, you'll find that the Navara feels like it knows exactly what it's doing.

Altitude Blue ST-X Dual Cab 4x4.

Inside, you'll find the Navara as practical and functional as it is outside. But just because you're working hard doesn't mean you shouldn't enjoy a few creature comforts. All models come standard with power windows, cruise control, remote central locking, air-conditioning, an audio system with MP3 compatibility, auxiliary input, and Bluetooth® handsfree phone system. The ST and ST-X models kick it up a notch with features like a 6 stack in dash CD player and a Bluetooth® handsfree phone system that can all be controlled via the steering wheel. The dual-zone climate control in the ST-X 550 and ST-X Dual Cab models makes sure the cabin is just as comfortable for your passengers as it is for you. Although the interior is **comfortable and stylishly** designed, it's made tough and easy to clean if you happen to bring some of the outside in. No matter which Navara you end up choosing, you'll enjoy a very comfortable ride. So, whether you're on a building site or on a highway, you'll definitely be able to go hard.

ST-X Dual Cab 4x4 turbo-diesel interior.

The Navara just might be the most versatile worker you've ever had around. For a start, it's full of clever storage compartments like a large dual level lockable glovebox, centre console (excluding Single Cab model) and centre dashboard storage tray, so you won't have your stuff sliding all over the floor. The ST-X Dual Cab models also have a **60/40 split-fold** rear seat to offer you greater flexibility, while the ST-X 550 adds a removable rear under-seat storage compartment with net cover to keep things safely out of the way. The King Cab models include two fold up seats in the back if you need to run a couple more blokes somewhere.

ST-X 550 Dual Cab 4x4 interior showing rear bench seat in flipped up position and under seat storage with net cover.

Of course with a Navara, what you get in the back is just as important as what you get inside. On Dual Cab and ST-X King Cab Pick Up models the rear tray bed is long, deep and wide to provide a large and versatile load carrying space. The RX Single Cab, RX and ST-X King Cab and new RX Dual Cab Cab Chassis models give you the option to carry your own customised tray to suit the job at hand. The new ST-X 550, ST-X and ST Dual Cab models feature an ingenious **Utili-Track System<sup>®</sup>** that makes loading simple, quick and safe. You can move the heavy-duty cleats along channels to wherever you need a tie-down point. The ST Dual Cab has two channels; the ST-X 550 and ST-X Dual Cab is fitted with five. Lock the cleats into place and you're able to carry just about any kind of load without it moving or tipping over. Now that's smart.

myNissan is a **complete ownership experience**, which helps you get the most out of your Nissan. As part of myNissan, you will receive a 3 year/100,000km warranty and have access to 24-Hour Roadside Assistance for 3 years. No matter what journey you're planning, you'll have the peace of mind in knowing that if you lock your keys in the car, have a flat tyre or battery, or run out of fuel, we'll help get you back on the road at no charge. You can also take the option to extend your warranty for up to 6 years.

We recognise that buying a car is a significant investment and the extensive network of Nissan Dealers will help you maintain and protect it. That's why, as part of myNissan, you're entitled to 6 years or 120,000kms\* of **Capped Price Service**. This means you'll always know the maximum price you'll pay when you come in for your next Scheduled Service at any Nissan Dealer, Australia wide. What's more, Nissan technicians are factory-trained experts that utilise dedicated diagnostic equipment and genuine parts to keep your vehicle in top condition. Thereby giving you the peace of mind that your Nissan is in the safest of hands.

The myNissan **iPhone app** is the perfect companion for getting around to worksites. It lets you plan trips, search for locations and log journeys to assist you with written ATO log book requirements, request roadside assistance plus set registration, service and parking expiry reminders.

Nissan offers a variety of **Nissan Genuine Accessories** to protect, enhance and personalise your Navara. A towbar and roof bars will increase your load carrying options, while driving lights and a canopy let you customise your Navara to your needs. Ask your Nissan Dealer about the entire list of Navara accessories. **Nissan Financial Services** has a range of finance options at very competitive rates and terms as well as various insurance solutions to protect you and your vehicle.

Nissan has introduced **Blue Citizenship**, a new way for us to look at our business, which reflects our desire to be a model corporate citizen and play a role in aiding the sustainability of our earth and its resources. Blue Citizenship involves contributing to communities, promoting diversity, delivering mobility to more people all over the world and helping to protect the environment.

\*Ask your Nissan Dealer to explain exactly what items are covered in each Scheduled Service. Applies to the first 12 X 10,000kms scheduled service intervals for up to 6 years/120,000kms (whichever occurs first). Some exclusions apply. Ask your Nissan Dealer or visit [nissan.com.au/cps/cs](http://nissan.com.au/cps/cs) for full terms and conditions.

### ST-X 550 4x4 Dual Cab

- 170kW 3.0 litre V6 turbo-diesel with 550Nm of torque
- 17" alloy wheels
- Privacy glass
- Front fog lights
- Smoked bonnet protector
- Black satin finish sports bar
- Roof rails and side steps
- Hard tonneau cover with remote central locking & interior light
- 5 channel Utili-Track System™
- Protective tub liner & rear tailgate lock
- 3,000kg braked towing capacity (trailer with brakes)
- 7-speed automatic transmission with manual mode
- 60/40 split-fold and flip-up rear seats
- Removable rear under seat storage with net cover
- Front, side and curtain airbags

- Three child restraint anchorage points
- Three-point seatbelts for all passengers
- Anti-lock Braking System (ABS) with Brake Assist (BA) and Electronic Brakeforce Distribution (EBD)
- Vehicle Dynamic Control (VDC) with Active Brake Limited Slip Differential (ABLS)
- Engine immobiliser
- Cruise control
- Bluetooth® handsfree phone system
- 6 stack in-dash CD player with AM/FM radio
- Auxiliary input jack for MP3 player
- Steering wheel controls for audio, cruise control, drive computer and Bluetooth®
- Fine vision instrument display and drive computer
- ST-X 550 fitted carpet mats and boxed keyring set
- ST-X 550 and V6 grade badges

## ST-X 4x4 Dual Cab

- Choice of 198kW 4.0 litre V6 petrol or 140kW turbo-diesel
- 17" alloy wheels
- Alloy sports bar and side steps
- 5 channel Utili-Track System™
- 3,000kg braked towing capacity (trailer with brakes)
- Choice of 6-speed manual or 5-speed automatic transmission with manual mode
- 60/40 split-fold and flip-up rear seats
- Front, side and curtain airbags
- Three child restraint anchorage points
- Three-point seatbelts for all passengers
- Anti-lock Braking System (ABS) with Brake Assist (BA) and Electronic Brakeforce Distribution (EBD)
- Vehicle Dynamic Control (VDC) with Active Brake Limited Slip Differential (ABLS) (Diesel)
- Cruise control
- Bluetooth® handsfree phone system
- 6 stack in-dash CD player with AM/FM radio
- Auxiliary input jack for MP3 player
- Steering wheel controls for audio, cruise control, drive computer and Bluetooth®
- 5-function drive computer

Flame Red ST-X Dual Cab 4x4.

## ST Dual Cab 4x4

- 126kW turbo-diesel
- 16" alloy wheels
- Alloy sports bar and side steps
- 2 channel Utili-Track System™
- 3,000kg towing capacity (trailer with brakes)
- Choice of 6-speed manual or 5-speed automatic transmission
- Bluetooth® handsfree phone system
- Cruise control
- Driver and front passenger SRS airbags
- Anti-lock Braking System (ABS) with Brake Assist (BA)
- 4x4 with low range
- Steering wheel controls: cruise control, audio and Bluetooth®
- Air-conditioning
- Power windows and mirrors
- 6 stack in-dash CD player with AM/FM radio

### RX King Cab 4x4

- 126kW turbo-diesel
- 3,000kg towing capacity (trailer with brakes)
- 16" steel wheels
- Choice of 6-speed manual or 5-speed automatic transmission
- Anti-lock Braking System (ABS) with Brake Assist (BA)
- Cruise control
- Power windows
- Remote Keyless entry
- Engine immobiliser
- Bluetooth® handsfree phone system
- Driver and front passenger SRS airbags
- 4x4 with low range
- Air-conditioning
- Single CD player with AM/FM radio
- Wide opening rear doors
- Flip-up rear seats
- 4 seats with cloth trim

### ST-X King Cab 4x4

- RX King Cab 4x4 features plus:
- Protective tub liner (pick up model only)
  - Side steps
  - Alloy sports bar (pick up model only)
  - Body coloured door handles
  - Body coloured power door mirrors
  - 6 stack in-dash CD player with AM/FM radio

### RX Dual Cab 4x2
