DUALIS

SHIFT the way you move

At Nissan, we've shifted what you can expect from a hatch. With ample space, plenty of flexibility and high levels of safety, the Nissan DUALIS is the perfect vehicle for your life today; and for whatever your future may hold. The DUALIS will shift your expectations; it will shift your possibilities; it will **shift the way you move.**

The Nissan DUALIS is as versatile as your life. It's spacious enough to carry five adults with ease, offering plenty of leg and shoulder room, as well as a higher roofline than other hatches. At the same time, the DUALIS has the manoeuvrability and agility that makes a hatch the perfect vehicle for an urban lifestyle. And while you're getting in and out of parking spots easily, you'll **get plenty of luggage** in and out of the DUALIS – its wagon style boot is larger than most you'll find in other hatches. Remove the parcel shelf and you've got nearly double the available height. Need more? The 60/40 split rear seats can fold down to extend the possibilities even further. It's a car that'll take you comfortably to a restaurant, get that flat pack bookshelf home from the Swedish furniture store or carry everything you could possibly need for a beach driving holiday.

In all sorts of ways, the Nissan DUALIS is unlike any other hatch. One aspect that you'll notice, once you sit inside, is the excellent level of visibility offered. The extensive use of glass and the higher driving position allow you to be aware of everything that's happening around you. And that includes what's above, thanks to the **glass panoramic roof** on the Ti models. It allows light to pour into the car, enhancing the sense of interior space and providing unrestricted views. Naturally, if you want to block out some light, a power shade will slide across at the push of a button.

Ti interior shown.

Your Nissan DUALIS experience begins before you even get in. Leave the Intelligent Key (Ti models) in your pocket or bag; simply push a button on the door handle to unlock the car. Now settle comfortably into the sculpted, bolstered seats. The Bluetooth® handsfree phone system will link with your compatible phone so you can make or receive phone calls safely. Before you take off, glance across the **driver-focused cockpit**. Stylish gauges and information systems keep you fully informed, while the DUALIS' many systems are right at your fingertips. Among these are audio and cruise controls mounted on the steering wheel, an AM/FM single CD player, (6 CD in the Ti) and the ability to plug in an auxiliary MP3 player. The Ti models offer the added luxuries of automatic headlights and rain sensing front wipers, dual zone automatic climate control air-conditioning, leather seat trim and heated front seats.

Ti interior shown.

By now you'll realise that the Nissan DUALIS hatch isn't like any other car, so it's little surprise that it doesn't look like any other car. Yes it's a hatch, but it has also taken inspiration from SUVs. The styling is sleek and contemporary, with a sporty rear spoiler and 18" alloy wheels on the Ti models. The aerodynamic contours merge with its mellow curves to produce a profile that is truly distinctive.

Under the bonnet of the Nissan DUALIS Hatch is a lightweight aluminium 2.0 litre engine delivering 102kW of power and 198Nm of torque. With plenty of power to get around town or the open road, it also offers excellent fuel economy and

low CO₂ emissions. The engine works in tandem with a choice of two transmissions – a 6-speed manual or an Xtronic Continuously Variable Transmission (CVT). CVT is Nissan's automatic

transmission that offers a near-infinite number of gear ratios to totally eliminate the shift shock you experience from traditional automatic transmissions. Of course, if you want to take control, you can use the 6-speed Manual Mode (M-Mode) to shift through the gears yourself.

The DUALIS is also available in an All-Wheel-Drive version, that features Nissan's **ALL MODE 4x4 system,**

to give you total control over the driving system. AUTO Mode keeps the vehicle in 2WD for the best fuel economy unless the system senses a need to automatically switch to 4WD when conditions become slippery. Or, by a simple turn of a knob, you can lock the vehicle into either 2WD or 4WD yourself.

The Nissan DUALIS has obtained the highest ANCAP occupant safety rating of 5 stars, thanks to a highly sophisticated combination of safety features and systems. A rigid body cell protects the driver and passengers in the case of a collision. An impressive six airbags – dual front, side and curtain – are ready to deploy when necessary. And, to help you avoid dangerous situations in the first place, there are a variety of driving and braking systems to keep you in control. **Vehicle Dynamic Control (VDC)** compares the actions of the driver with the current behaviour of the vehicle and selectively brakes individual wheels and manages engine power to keep the car on its intended path. The **Traction Control System (TCS)** constantly monitors all four wheels and when the system senses one wheel is spinning faster than the others, it automatically reduces engine power and pumps the wheel's brake to reduce speed and lessen slip. The **Anti-lock Braking System (ABS)**, Brake Assist (BA) and Electronic Brakeforce Distribution (EBD) work together to help you retain control when braking, apply additional braking in an emergency situation and optimise handling by sensing the load conditions of the vehicle.

myNissan is a **complete ownership experience**, which helps you get the most out of your Nissan. As part of myNissan, you will receive a 3 year/100,000km warranty and have access to 24-Hour Roadside Assistance for 3 years. No matter what journey you're planning, you'll have the peace of mind in knowing that if you lock your keys in the car, have a flat tyre or battery, or run out of fuel, we'll help get you back on the road at no charge. You can also take the option to extend your warranty for up to 6 years.

We recognise that buying a car is a significant investment and the extensive network of Nissan Dealers will help you maintain and protect it. That's why, as part of myNissan, you're entitled to 6 years or 120,000kms* of **Capped Price Service**. This means you'll always know the maximum price you'll pay when you come in for your next Scheduled Service at any Nissan Dealer, Australia wide. What's more, Nissan technicians are factory-trained experts that utilise dedicated diagnostic equipment and genuine parts to keep your vehicle in top condition. Thereby giving you the peace of mind that your Nissan is in the safest of hands.

The myNissan **iPhone** app is the perfect assistant for your busy urban lifestyle. It lets you plan trips, search for locations and log journeys to assist you with written ATO log book requirements, request roadside assistance plus set registration, service and parking expiry reminders.

Nissan offers a variety of **Nissan Genuine Accessories** to help you make the most of your DUALIS, including roof bars for even further load carrying capacity. Ask your Nissan Dealer about the entire list of DUALIS accessories. Nissan Financial Services has a range of finance options at very competitive rates and terms as well as various insurance solutions to protect you and your vehicle.

Nissan has introduced **Blue Citizenship**, a new way for us to look at our business, which reflects our desire to be a model corporate citizen and play a role in aiding the sustainability of our earth and its resources. Blue Citizenship involves contributing to communities, promoting diversity, delivering mobility to more people all over the world and helping to protect the environment.
